

Invisi-Shield™ Flip

Protect your products from sweep and optimize the restocking process

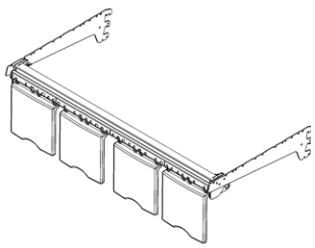

Full Shelf Visual Deterrent

Invisi-Shield™ Flip keeps merchandise looking abundant and organized. A full, uniform shelf presentation discourages theft by making missing items instantly noticeable to staff, while projecting a premium, well-maintained store image to shoppers.

Two-Handed Operation

Designed for two-handed operation, Invisi-Shield™ Flip ensures shoppers can access merchandise, while preventing product sweep.

Direct Install to Gondola

Installs directly into European upright gondolas for flexibility over shelving or display platforms.

Rapid Access for Shelf Restocking

Rapid conversion from shopping position to stocking position by utilizing the release and lift lever.

Ideal for protecting:

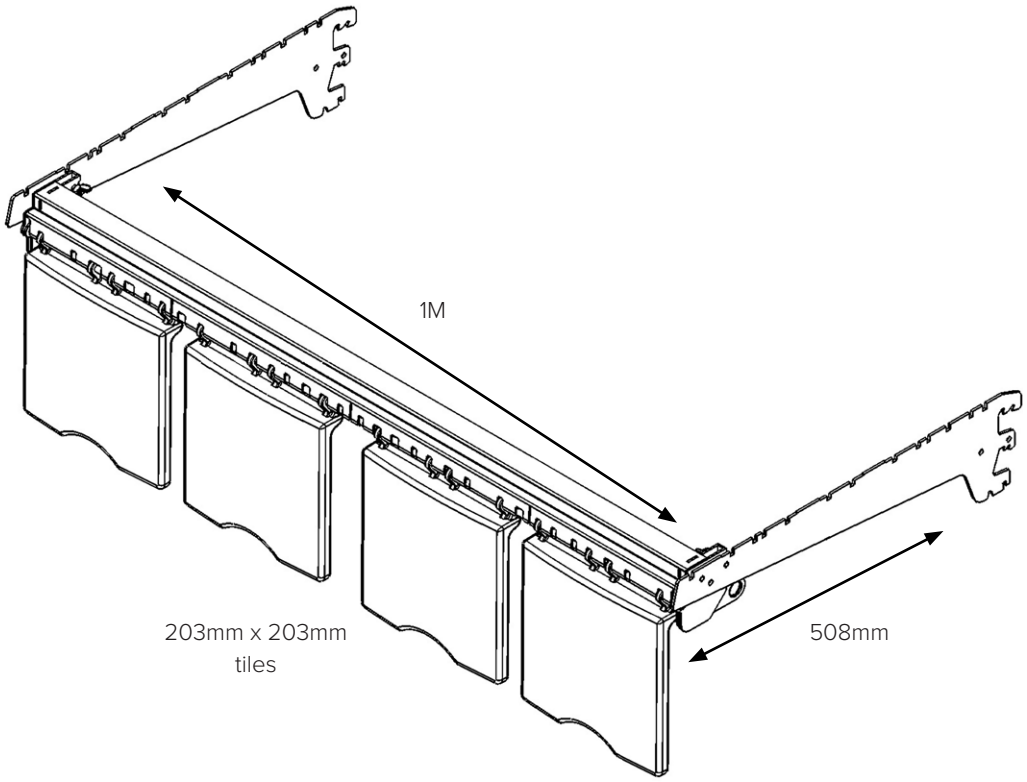

- Pharmacy
- Convenience Stores
- Specialty Retail
- Electronics
- Infant Formula
- Deodorant
- Body Wash
- Hair Care
- Laundry Products
- ...and more
