

Spiral Anti-Sweep Hook™

Prevent sweep and boost sales

Eliminate product sweep

Each knob turn draws product forward, releasing a single package while alerting store personnel if multiple products are being dispensed

Features a mechanical audible alert

Each turn alerts store personal if multiple products are being dispensed.

Visible and secure

A clear polycarbonate hood and steel hook, prevents cutting of hang tabs through an integrated enclosure.

Easy mounting

Attaches securely to pegboard (bracket included). Optional mounting adapters for Wire Fastrack, Mega Bar, slatwall and Madix crossbar available.
